

DELHI PUBLIC SCHOOL

REFLECTION

**An Activity Report
October – December, 2025**

Dear Readers

Education is not confined to classrooms alone; it is shaped through values, awareness, creativity, and celebration. The recent days at Delhi Public School, Vidyut Nagar reflected this holistic vision of learning, where knowledge met compassion, responsibility, and joy.

Through meaningful academic initiatives and awareness programmes, students were encouraged to reflect on constitutional values, emotional wellbeing, and social responsibility. Engaging activities and competitions nurtured curiosity, teamwork, and confidence, while teacher-led workshops strengthened professional growth and collaborative learning. These efforts collectively reinforced the belief that education must empower both the mind and the heart.

The festive spirit added warmth and togetherness, reminding us that celebrations play a vital role in fostering unity, gratitude, and happiness within the school community. Each initiative—academic, cultural, or reflective—contributed to shaping responsible, sensitive, and confident learners.

As we move forward, may we continue to uphold these values, inspire young minds, and create an environment where learning is meaningful, joyful, and purposeful.
