DPS, Vidyut Nagar: A centre of excellence which nurtures minds beyond academics

Delhi Public School, Vidyut Nagar (DPSVN), a distinguished institution, has been fostering excellence since its establishment in 1988 in collaboration with NTPC. Situated amid the serene NTPC Township, the school welcomes students from both the township and neighbouring villages, ensuring education reaches every child. For over 35 years, DPSVN has upheld the values of 'Service Before Self', shaping students into leaders with compassion and empathy. The school's curriculum goes beyond textbooks, emphasizing real-world preparedness.

Workshops like 'Beyond Likes: The Malevolence of Social Media' equip students with critical awareness about online safety, while The Standard Club, initiated by the Bureau of Indian Standards (BIS), educates them on consumer rights and product authenticity. Parental involvement is integral to the school's philosophy. Programmes such as 'My Inspiration' invite parents to share life experiences, offering personal motivation to students. Additionally, workshops like 'Handling Kids', 'Parenting - A Real Challenge in Today's Scenario' etc by renowned psychologists assist parents on fostering necessary parenting skills while maintaining a supportive environment.

DPSVN stands out as the first school in the region with a dedicated

meditation centre, ensuring students prioritize mental well-being. The school also nurtures leadership and teamwork through events like the investiture ceremony, music and dance festivals and sports day, where students imbibe values of responsibility, team work, resilience, and sportsmanship.

Cultural heritage remains a key focus, with celebrations such as Hindi Diwas, Mango Festival, Inter-Class Extempore, MUN and Salaam-e-Hunar (Dakshata club), foster linguistic pride, creativity, and traditional learning.

Holistic development extends to physical and nutritional well-being. The annual Poshan Maah initiative under Health and Wellness club of the school named 'Rejuven8' promotes awareness about balanced nutrition, aligning with the United Nations' sustainable development goals. At DPSVN, under the visionary leadership of principal Poonam Dua, education is not confined to uniform methods, it is rather a canvas where students paint their interests beautifully and are assisted with the tools to express, innovate, and grow, preparing them for a bright future beyond the classroom.
