

Winners at Schools Level – Best Principal Award for Excellence in Sustainability & Environmental Stewardship – 2025

9

We are proud to announce the Winner Principals of the Best Principal Award for Excellence in Sustainability & Environmental Stewardship 2025. These visionary leaders have demonstrated outstanding commitment to fostering sustainable practices, integrating environmental education into academic culture, and inspiring both students and faculty to work towards a greener future. Their efforts have not only transformed their campuses into eco-friendly learning spaces but have also created a ripple effect in their communities, setting a benchmark for educational institutions across the nation. This recognition celebrates their dedication, leadership, and passion for building a sustainable tomorrow.
